State of Illinois	\$	7,492,000,000
Metro Cities	\$	2,683,000,000
Small Towns	\$	738,000,000
Counties	\$	2,539,000,000

Note: Estimates use 2019 Census data to identify populations eligible for assistance, and do not include villages or other sublocal entities that may also qualify for funding. Projected amounts may be distributed to more nonentitlement governments than are listed in the breakdown to the extent that eligible nonentitlement governments have overlapping populations (for example, residents of a village government and town government in New York). What this means is that village AND town governments will be receiving a direct allocation of federal assistance, as intended by the legislation, but village amounts are not included because of the complications of calculating those amounts until a process is put in place to divvy up funds between overlapping governments. Identification of eligible governments and distribution of assistance across units with overlapping populations may reflect decisions made by the Department of Treasury and state governments.
